# GUADALUPE GUAJIRA MISSION

The Guadalupe Guajira mission is an Ad Gentes mission ; we share the Gospel of God with Wayuu indigenous communities who live in small villages near the city of Maicao, La Guajira.

We share the faith with children, adults and families through catechesis and by living the Sacraments of the Catholic Church.

Every night, in the ermitage of Our Lady of Guadalupe that was built, the children gather as a community and lead the Holy Rosary. They pray for their community, for the missionaries, the benefactors of the Guadalupe Guajira mission, the Catholic Church and the Pope.

## EUCHARISTIC ADORATION MISSION

When we are on mission, after praying the rosary we have a time for Eucharistic Adoration where the children contemplate Jesus in the Eucharist and entrust their needs. The Eucharistic Adoration has become for them a desired gift, as they say: 'We want to see Jesus'.

We have brought the Gospel of God to these indigenous communities, taught them the truths of our Holy Catholic Church and prepared them to receive the sacraments. Many of them have already received baptism and first communion.

Participate in the Mission as a missionary or help the mission with donations!

# MISSION TIMES

We go on mission during Holy Week, Christmas and in times of recess. We celebrate the the Holy Eucharist and we do adoration of the Blessed Sacrament with the whole community.

We evangelise the children through games, helping their spiritual and personal growth. Thus forming a dynamic and living Church in these communities; with the support and knowledge of the local Bishop.

# SOCIAL IMPACT

Thanks to the help of our benefactors and many kind-hearted people, we have been able to bring markets, clothes and shoes for adults and children, which are distributed in the different rancherías.

We are currently building a water well to improve housing conditions and basic sanitation in the ranchería Los Manantiales.

# HALF-INTERNSHIP

In the ranchería Los Manantiales we have a semi-boarding school for 25 children who live in remote areas and walk up to 2 hours to get to school every day. They are offered housing and food from Monday to Friday so that they do not have to travel.

They pray the rosary every night in community and at weekends they go home with their families.
